THROWS IN THE SOFA

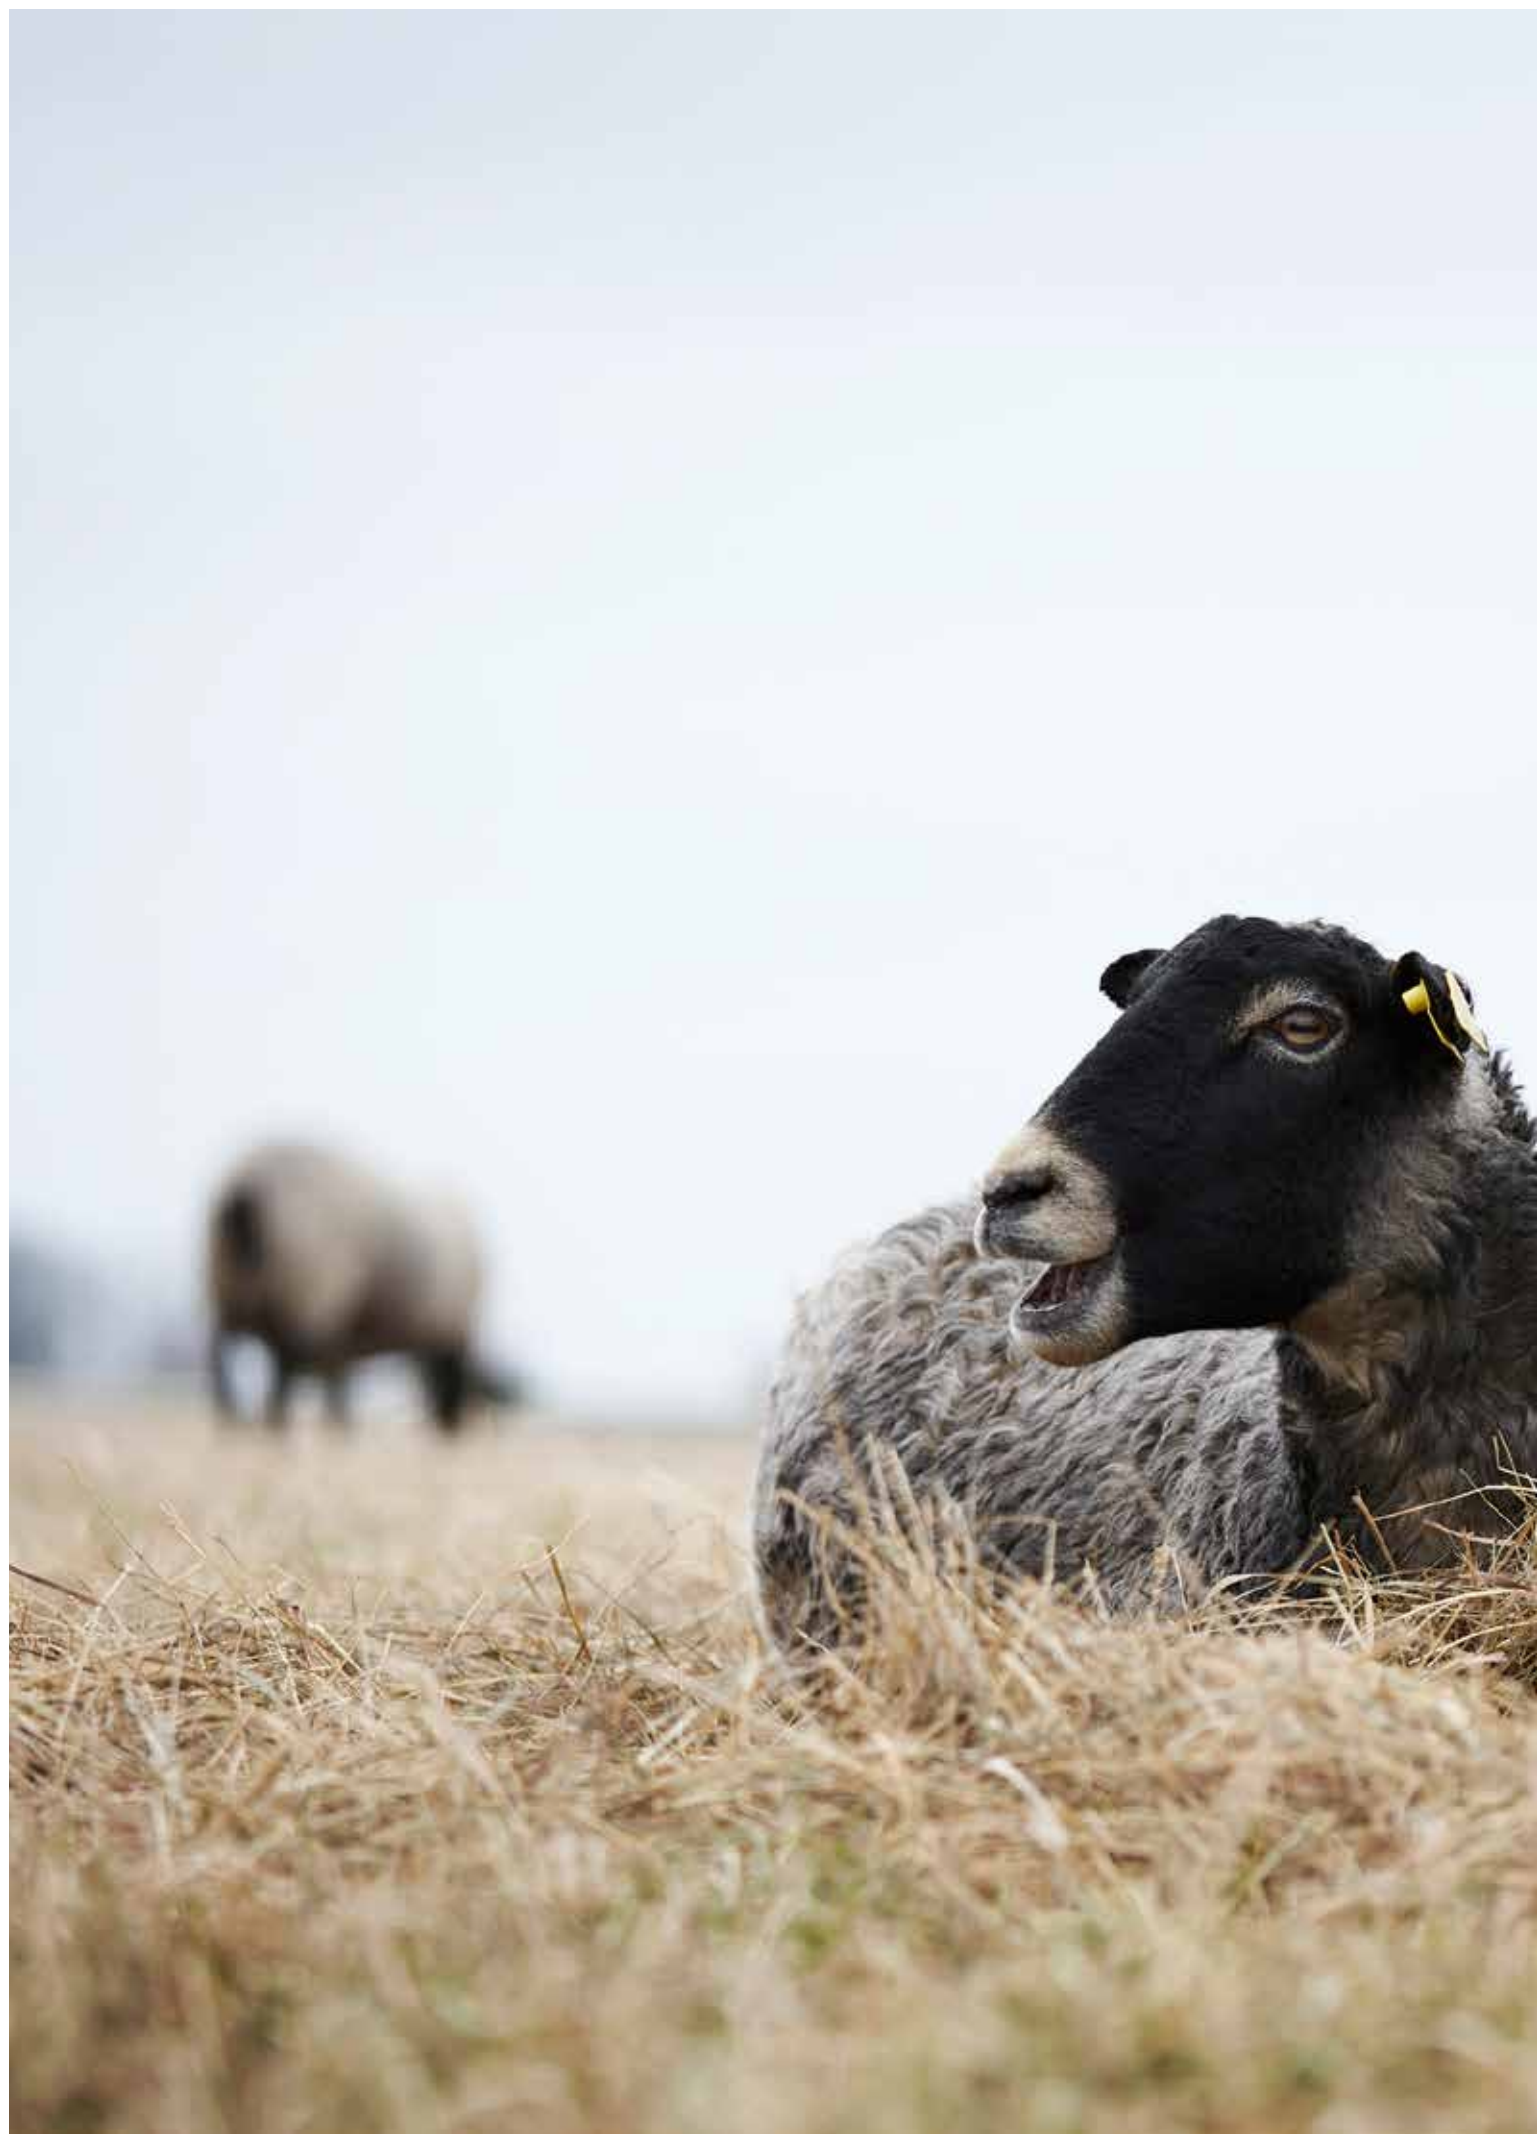

SORBET 2004-14 Silky blue & **SORBET** 2004-12 Pistachio

ECO-FRIENDLY IN EVERY WAY

Our blankets contain no synthetic fibers or hazardous chemicals, just pure wool with full traceability all the way back to the individual farmer. Enjoy your blanket for a long time. Let it look beautiful on your sofa, wrap it around you and snuggle with it when you're cold, take it with you on a picnic or use it as a bedspread.

When you can't use the blanket anymore, you don't have to feel too bad. Unlike textiles made from microplastics, wool is 100% biodegradable and leaves few environmental footprints on our planet.

IT STARTS WITH THE SHEEP

*We care deeply about our wool and the animals it comes from.
In fact, the entire chain from field to blanket is important to us.
We make sure that the sheep live a good and stress-free life with space
to roam and eat natural food. Then and only then can we feel
proud of our blankets.*

WE ARE A MEMBER OF THE ORGANIZATION SWEDISH WOOL, WHICH PROMOTES LOCALLY PRODUCED WOOL THAT CONTRIBUTES TO BIOLOGICAL DIVERSITY.

WE HAVE A WOOL INTEGRITY NZ™ BRAND PARTNER LICENCE WHICH GUARANTEES THE USE OF ETHICALLY PRODUCED, MULESING-FREE WOOL.

WE ARE CERTIFIED BY WOOLMARK®, WHICH ENSURES THAT OUR PRODUCTS ARE MADE FROM PURE NEW WOOL.

WE ARE OEKO-TEX® CERTIFIED WHICH ENSURES THAT OUR PRODUCTS ARE TESTED FOR HARMFUL SUBSTANCES AND PERFORMANCE TO HIGH HUMAN ECOLOGICAL REQUIREMENTS.

THE RIGHT WOOL FOR THE RIGHT OCCASION

We admit that we are nerds when it comes to wool. Each fiber has its own texture, weight, softness and character. We love to experiment and see the results in the form of new blankets. Whether you're looking for something exclusive, durable or textiles made from locally produced wool – we have a quality that matches your needs.

SWEDISH WOOL

Locally produced wool comes from small farms around southern Sweden. The Swedish wool is thick, warm and well suited for our challenging climate.

GOTLAND WOOL

Gotland sheep are a Swedish breed, dating back to the Viking era. The wool is wonderfully thick, glossy and silky with colors in different shades of natural grey.

RECYCLED WOOL

The recycled wool fibers are collected from our production process. It can be anything from wool from the carding machine to yarn threads from the loom. We also tear apart and spin new yarn from discarded blankets.

LAMBSWOOL

Lambswool is from the first shearing of a sheep at around the age of seven months. Lamb's wool is softer and more elastic than adult wool.

MERINO WOOL

Merino is a famous traditional breed of sheep originally from Spain. It is considered to provide the thinnest, finest and softest sheep wool.

CASHMERE WOOL

Cashmere comes from a special goat and rearing takes place primarily in various parts of Asia. This is the most exclusive fiber of them all. It is strong and heat-insulating while being wonderfully soft and light.

ALPACA WOOL

This highly insulating, soft wool from the Andes protects you effectively from the cold. It is free of lanolin and perfect for those with allergies.

A person is holding a large roll of grey and white striped wool fabric in a grassy field. The fabric is thick and textured, with a small black label visible near the bottom left. The background is a vast, green field under a blue sky with scattered white clouds. The overall scene is bright and natural.

SWEDISH WOOL

A WOOL WORTH A BETTER FATE

For too long, half of Sweden's wool has been wasted, even though there is nothing wrong with it. At Klippan, we feel a responsibility to change this. We currently use 40 tons of Swedish wool, from sheep raised with care in our vicinity, to make blankets of the highest quality. This makes us the largest buyer of Swedish wool.

FROM GOTLAND, WITH WARMTH

Soft yet strong, wild yet refined – our Gotland wool throws reflect the shifting rhythms of life. Choose between cool and warm tones, bold patterns or quiet elegance. There's one for every mood, season, and moment of stillness.

WOOL BLANKETS

CLASSIC ICONS, MADE TO LAST

Some patterns are instant hits, others become classics. We've had the pleasure of creating wool blankets that are like a dear friend who follows you through life. They never go out of style and they serve their purpose. There is always a thought behind the patterns, like our new collection by Kristina Stark. She has interpreted the world-famous architect Sigurd Lewerentz and his masterpiece St. Petri's Church.

BLANKET
SAREK 2066-02 Multi

A person is partially visible on the left side of the frame, wearing a colorful patterned poncho and brown pants. They are sitting on a mossy log in a forest. In front of them is a small campfire made of stones, with smoke rising from it. The background is filled with tall, thin trees and a misty atmosphere.

THIS IS WHAT IT'S ALL ABOUT

A love for the earth, for animals, for the everyday things that make us feel good. That's what drives us – genuine materials, lasting quality and a desire to make memorable moments every day.
